Re: Declaration of Commitment to the Recommendation of the European Commission on the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers

The University of Ioannina welcomes the initiative of the European Commission reflected in the Commission's Recommendation of 11th March 2005 regarding the *European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers* (hereafter referred to as the Charter & Code).

We would like to inform you that during the 949th Assembly of the Senate of the University of Ioannina, which took place on 15th April 2010, the principles laid out in the Charter & Code were adopted.

By implementing the Charter & Code principles, the University of Ioannina intends to contribute to the realization of an open and attractive European labour market for researchers.

The Rector

Prof. Ioannis Gerothanassis
